## Music

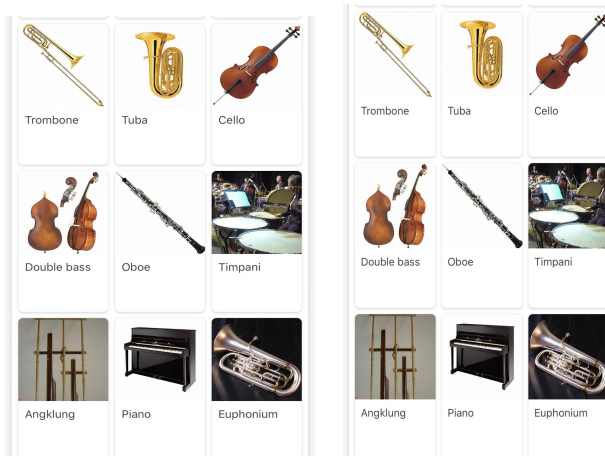

### Concept: Stories using musical instruments

Choice 1: Pick your favorite story to read. Read it outloud, or have a family member read it to you. Based on what the story is saying and the characters in the story, try to think about what instrument you would choose to accompany this story and why. Or use household items/sounds to use for each character. Have someone read the story again and you play the different instruments or sounds along with the story.

### Choice 2:

After watching this video, what instrument sound did you like best and why? If you were in an orchestra, which instrument would you choose to learn to play? Be sure and send your choices to your teacher!
