

Happy Friday to our Jenifer Middle School Families!

Each week I have been sending a message to update families about Jenifer Middle School's progress through the year. On behalf of the entire staff at Jenifer Middle School, I want to thank you for your continued help in a great start to the school year. With everyone's help and support **we are in GREEN** and are working hard to stay in **GREEN**. Working together makes us a great team!!!

One question we continue to receive is about placement of students in the Yellow level posted on the district website. Please let me be perfectly clear, **we are in GREEN!** This information is to answer the question we are receiving **IF** we were to change to the Yellow level.

Our Jenifer Middle School students will follow their current schedule of a full day of classes while attending school on alternate days. Below you will find your student's assigned day for the Yellow level. Again, **we are in GREEN**, and this information is intended to help you plan, should our status change.

All students whose last name begins with A-K will attend school on the first day we change to the Yellow level; the remaining students, last name beginning L-Z will attend the second day we change to the Yellow level. Students will continue to attend every other "school day", until otherwise notified. Breakfast and lunch will continue to be offered as they currently are.

Please call me at school if you have questions. I hope this information answers the questions you have **in case** we move to

the Yellow level. **Thank you for your continued support, and working together we will STAY IN GREEN!**

JoAnne Greear, Principal
