

Portfolio Documents

The portfolio component, will be a binder containing all documents pertaining to the senior project process. You should begin keeping a binder of all your documents starting with your topic selection documents. As you work through the process for each component of the senior project, add any papers, plans, notes, interviews or observations that pertain to that component. Prior to your presentation you will organize this material, removing any unnecessary elements and/or adding additional pieces. This portfolio will be graded in your government class and viewed by panel judges prior to your presentation.

Portfolio Requirements

The following items should be collected and stored as they are distributed and completed. All items on this list will be evaluated as your portfolio grade for your senior project. Items are listed in the order in which you will complete them, but may be reordered at the teacher's discretion before final presentations are given.
