

# Project Approval Form

This form is due to your Government teacher WITH PARENT/GUARDIAN SIGNATURE

To ensure that you progress through your senior project effectively, it is imperative that you solidify the focus of your research paper and your field experience early in the process. This form must be complete WITH SIGNATURE before any other project-related assignments will be evaluated.

**If, at any time, you want to change your senior project topic after this form has been submitted, you will need to discuss the changes with your government teacher.**

Clearly describe your plans for your field experience.

Explain how your research paper and your field experience are connected.

Explain what type of resources you will use to complete 10 hours of self-directed learning for your field experience.

What is your general topic of study for your research paper? (1-2 words: ex. interior design).  
How will your field experience hours tie-in with your research paper?

Describe how this project will be a new and meaningful challenge for you.

## **IMPORTANT NOTE TO PARENTS:**

*Regardless of what the operational status of our schools is throughout the year, the senior project will need to be fully completed for a graduation requirement.*

*Despite its status as a graduation requirement, the senior project need not cost any more than a typical school project. Lewiston High School is not responsible for funding any expense incurred during your child's senior project. While projects may require some expense, the high school encourages students to work within their means. During the planning phase, students will be encouraged to develop a reasonably accurate estimate of costs, a guaranteed source for those funds, and parents are asked to plan accordingly.*

*Your signature below indicates that you understand and approve of your child's topic choice.*
