### GUIDING PRINCIPLES

#### **WE BELIEVE**

Students are the center of the educational process.  
Education is the foundation for success.  
Parents must be engaged in the education of their children  
The district and the community must share a passion for education  
Emotional & physical safety is necessary in the educational environment.  
Learning is life long.

### VISION

*To achieve the highest individual potential*

### PURPOSE

*To educate and inspire learners for life.*

### MISSION

*Strive.....Achieve.....Succeed.....Go Beyond*

## PHILOSOPHY--SACAJAWEA JR. HIGH SCHOOL

In accordance with the Lewiston School District philosophy, Sacajawea Junior High School is dedicated to providing educational experiences to enable students to reach their potentials according to individual ability levels. We believe that our program should provide opportunities through classroom procedures and extra-curricular activities to teach students to participate in the fundamental democratic processes of a free society.

We recognize the responsibility we have to adapt our school program to the basic needs of our students--educational, social, emotional, economic, cultural, and technological. We are aware of the rapid rate of physical, mental, and social maturation of the pre and early adolescent student and recognize our responsibility to help them through this developmental period with the greatest amount of success. We believe that our program will be only as strong as those who plan and administer it. Therefore, we feel that we must remain current on educational trends. This will be accomplished through the use of higher educational facilities, in-service programs, readings, professional organizations and the community.

We recognize our responsibility in preparing students for education in institutions of higher learning, and/or to provide students with skills, knowledge, and abilities for future employment. We believe there should be coordination of efforts among students, staff, family, and community to aid students in planning their future programs of study.

Ours is a shared responsibility with the home, the social services agencies, and other community institutions to develop a child physically, emotionally, intellectually, and socially. It is our philosophy that we are all part of a team that has but one objective -- an educational program that will give the junior-high-age students adequate training to allow themselves to find their place in the social scheme and to reach their highest potential in life.

### **DISCRIMINATION**

The District does not discriminate on the basis of disability in the admission to, access to, or operations of its programs, services, or activities. Individuals who need accessible communications or other accommodations in order to participate in programs and services of the District are invited to make their needs and preferences known to the administration at the Central Services Office.

### **DISABILITIES POLICY**

Programs and related services for students with disabilities are available for all eligible students. Compensatory (remedial) services are available in schools designated as target schools under federal guidelines. Teaching for homebound students, psychological testing, counseling, social work, and Indian Education services are available to all buildings.

Under The Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973, the Lewiston School District is prohibited from discriminating against students on the basis of a disability. Lewiston provides a free and appropriate public education to each student within its jurisdiction regardless of the nature or severity of the disability. The school district ensures that students who need or are believed to need special education or related services will be identified, evaluated, and provided with appropriate educational services.

Section 504 also stipulates that students with disabilities have the right to participate in school sponsored extra-curricular programs and activities to the maximum extent appropriate to their needs.

Under Section 504 and IDEA, students with disabilities have the right to be placed in the least restrictive educational environment. To the maximum extent appropriate for the needs of the student, Lewiston will educate students with disabilities within its regular school program.

Students with disabilities and their parents have a number of rights and protections. Questions or requests for assistance or information about services for students with diagnosed or suspected disabilities should be directed to the student's school principal, school counselors, or the Director of Special Services, 748-3000, 3317 12th Street, Lewiston, ID 83501.

# Independent School District No. 1

Lewiston, Idaho

## Directory Information Disclosure

Independent School District No. 1, Lewiston, may disclose "directory information" from the education record without prior parental consent after giving notice of its intention to do so. "Directory information" is information in a student's education records that is not generally considered harmful, and its release is not considered an invasion of the student's privacy. A critical distinction exists between directory information and all other information present in school files. Independent School District No. 1 may determine how much directory information from education records will be disclosed. Directory information includes, but is not limited to, the following data about the student:

- a. student's name,
- b. address,
- c. date and place of birth,
- d. telephone number,
- e. participation in officially recognized activities and sports,
- f. weight and height as a member of an athletic team,
- g. class designation,
- h. dates (but not a day-to-day record) of enrollment,
- i. diploma and awards received,
- j. school or school district where the student was previously in attendance,
- k. official activities,
- l. photographs or video productions of students used by the District for recognition of student achievement and community relations, including, but not limited to, publications in the District's or school's newsletters, in the school setting and on the District's or school's website.

This District shall provide, on the request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses, and telephone listings unless a parent or secondary student requests, in writing, that the student's name, address, and telephone listing not be released without prior written parental consent.

This District may disclose directory information about former students without notice.

Independent School District No. 1 considers these items to be directory information. In most instances, disclosure is helpful to both the institution and the student. In addition, two (2) federal laws require Independent School District No. 1 to provide military recruiters, upon request, with three (3) directory information categories: names, addresses and telephone listings.

Parents can, however, retain the right to consent to the disclosure of directory information. Parents who wish to retain this right must so advise the District by sending a written notice to:

Dr. Robert Donaldson, Superintendent  
Lewiston School District  
3317 12th Street  
Lewiston, ID 83501

Please be sure to include the name of the student, school the student attends, and provide signature of the parent/guardian or adult student.

Independent School District No. 1  
Lewiston, Idaho  
NOTICE OF COMPLIANCE

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's educational records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask Independent School District No. 1, Lewiston, to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue, SW  
Washington, DC 20202-4605

### SCHOOL RESOURCE OFFICER PROGRAM

The School Resource Office (SRO) program was implemented to provide a direct relationship between law enforcement and the school. Staffed by a handpicked, full-time officer from the local police department, students are exposed to a perspective of the law enforcement individual as a friend and advocate, rather than adversary.

The basic concept behind the SRO program centers upon reduction of juvenile related crime by educating students on law related issues. It is believed that through educational efforts, students will develop the self-esteem necessary to make socially appropriate choices rather than succumb to negative peer pressure.

Only students living more than one and one-half miles from school may ride buses. Once students arrive at school on the bus, they are required to stay on the school grounds.

### BUS PASSES

Students shall not be permitted to ride a school bus for personal transportation such as a birthday party, overnight stay, and going to a friend's house. (*Lewiston School District Rules and Regulations Sec. 5040 -17*). Special circumstances may be allowed by administrative approval only. Written requests from parents must be on file prior to consideration of a bus pass.

### CAFETERIA STANDARDS

Expectations for student conduct apply throughout the school campus. Failure to comply with the cafeteria rules may lead to the assignment of detention time, lunch room cleanup duties, and/or suspension from the use of the cafeteria. Students are allowed to charge up to three meals. After three charges, you may not be allowed to eat. Students are never allowed to charge ala carte items, and are not allowed to purchase these items if your account is in the hole. Students may bring sack lunches to school. If you have questions, contact the school dietitian at 748-3064.

## CAMPUS / CLOSED CAMPUS / SACAJAWEA & ELEMENTARY CAMPUSES

### Closed Campus

Sacajawea Junior High School is a closed campus. **Once a student who attends Sacajawea Junior high school has arrived on school grounds, they are required to remain on campus for the entire day unless they have permission from the principal or Assistant principal.** Students may go home for lunch -- if within walking distance -- and if the parent requests it in writing through the principal. Those students are then expected to go home for lunch.

### Student Lunch Time Checkout Procedure:

- 1- A parent may sign out his/her child for lunch and must sign them back in upon their return.
- 2- If a parent sends a note for their child to be picked up by another adult on the student contact list, the office staff will contact the parent to confirm the note. Once confirmed, the adult will sign the student out and back in upon return to the school.
- 3- A child will not be released to a noncustodial adult without being on the child's contact list.
- 4- If an adult is not on the contact list, they may be added, by request of the parent.

Students who are not under the direct supervision of an adult by attending detention, an academic after school program or after school activity, must leave campus by 3:00 pm daily.

### Elementary Campuses

Students are not allowed on elementary school grounds at any time during the elementary school day. Students who pick up siblings are required to wait in a designated area. Exemplary student behavior must be displayed at all times.

## CHANGE OF ADDRESS

We must have the correct home address and a telephone number of parents/guardians and where they can be reached during the school day for emergencies. Inform the office immediately if you change your address or telephone number.

## DRIVERS LICENSE - REVOCATION

Idaho Code 49-303/49-303A states that students who drop out of school prior to the age of 18 will have their driver's license suspended. Personal or family hardships must be documented by the parent/guardian in writing, in order for the student to receive a waiver of this statute. Waivers may only be granted by the school principal or his/her designee. Please review the following guidelines:

- 1) A public school principal or designee shall provide written notification to a minor and the minor's parents, guardian or custodian of the school district's intent to request that the department suspend the minor's driving privileges because the minor has dropped out of school and has failed to comply with Idaho Code 49-303/49-303A.
- 2) The minor or the parent, guardian or custodian of the minor shall have fifteen (15) calendar days from the date of receipt of this notice to request a hearing before the public school principal or the principal's designee for the purpose of reviewing the pending suspension.
- 3) The requested hearing shall be conducted within thirty (30) calendar days after the public school principal or the principal's designee receives the request.
- 4) The public school principal or the principal's designee shall waive the requirements of Idaho Code 49-303/49-303A for any minor under its jurisdiction for whom personal or family hardship requires that the minor have a driver's license for his or her own or his or her Family's employment or medical care. Consideration will be given to recommendations of teachers, guidance, school officials or other academic advisors prior to granting a waiver.

***Hardship waivers shall be requested if desired by the minor  
or the minor's parent, guardian or custodian at the initial hearing.***

### HALLWAYS

Students are to remain in their grade-level wing unless they are attending an assigned class in another hallway.

### HALL PASSES

Hall passes are required of all students in the building during lunch, or during class time and must check in at the office prior to school.

### INJURIES/ACCIDENTS/INSURANCE

The school district does not provide medical insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal guardians. The district does make student medical insurance available to families for their individual purchase. Brochures outlining the coverage and premiums are available at the school office. If a student is injured during the course of the school day, he/she should report to the office to receive assistance and/or contact parents. An accident report will be filed in the office.

### LIBRARY

The library is open to students and the public daily from 7:30 am - 3:30 pm except on Early Release days and under special circumstances. All materials will be checked out through the VALNet system and all students must have their own card. The first card is free, but replacement cards cost \$1.00. Patrons cannot check out any materials if they are delinquent at any other library in the system. Our school charges a fine of 25 cents per day for overdue books.

### LOCKS, LOCKERS, & P.E. CLOTHES

Each student will be assigned a locker by his or her homeroom/Advisory teacher. Students are not allowed to change lockers. Students wishing a locker reassignment will need to check with the teacher who issued the locker. Students are encouraged to have locks on their lockers at all times. For students providing their own locks, a key or combination must be on file in the office. It is the student's responsibility to keep the locker combination confidential.

Students are responsible for all textbooks and equipment issued to them and should make certain that their name is in each book. All personal items and books are to be kept in lockers. Neither Sacajawea Junior High nor the Lewiston School District can be held liable for any lost, stolen or damaged property when left at school.

Lockers are not to be written on, marked, scratched, or used as bulletin boards. The cost of repairing any damage to lockers will be charged to the student. Periodic locker clean-outs may be scheduled.

### Inspection of student lockers

The principal may authorize the inspection of school property, including lockers assigned to students, for reasonable cause. Reasonable cause is defined as when a reasonable person, in view of the facts of the matter, could assume that articles could be uncovered that are potentially harmful to the students, to school property or disruptive to the educational process.

Unauthorized or illegal items may be taken into custody by school authorities. A reasonable effort will be made to notify the parent or guardian. Items considered potentially dangerous, disruptive, or that can interfere with the educational process may be removed from student possession.

Only P.E. clothes may be kept in P.E. lockers or baskets during weekdays. Students are to take P.E. clothes home on Fridays for cleaning and bring clean clothes on Monday.

### LOST AND FOUND

A 'Lost & Found' is located **at the end of the north (9<sup>th</sup> grade) hallway**. All articles lost or stolen should be reported to the office. Check for lost articles at the office after checking all other sources.

## **5425. MEDICATION**

There are students with chronic illnesses, long-term health conditions as well as students recovering from temporary illnesses who need to have medication administered at school. When medication must be administered to students at school, the goal is to provide for students' health needs safety. Therefore,

- 1) The parent must provide a written request in order for over-the-counter medication to be administered to students. The School Medication Form must be completed in order for any prescription medication to be administered to students.
- 2) All prescription medication must be in the original container with the student's and the doctor's names and directions clearly marked on a pharmacy label.
- 3) All over-the-counter medication must be in the original container with parent's special instruction in writing for their individual child which includes the time or situations to be given and the dosage.
- 4) For short-term medication, a sufficient amount of medication should be provided for the period during which the medication is to be given.
- 5) A designated staff member should assist students in taking medication except for self-administered medications as described below.
- 6) All medication, except those approved for keeping by students for self-medication, will be kept in secured storage to reduce the potential for accidental loss or misuse.
- 7) Each time a staff member administers medication, a record will be maintained, noting the time, amount, and name of the person administering the medication.
- 8) If a change in dosage for prescription medication occurs, parents must provide written verification from the doctor.
- 9) If the student's AM dosage is forgotten at home, the parent will be called to authorize administration of the missing dose. If the missing dose is administered at school, it will be recorded in the medication log.
- 10) The District will not administer medication in dosages that exceed the maximum dosage guidance of the current *Physicians' Desk Reference*.
- 11) Unused medications must be returned home or destroyed when treatment is complete or at the end of the school year.

## VISITORS

## ATTENDANCE REGULATIONS

### Philosophy

The Board of Directors considers full-time attendance to be an essential element in the student's educational process. Regular attendance fosters a climate conducive to learning, perpetuates effective teaching, protects the integrity of the scholastic day and ensures quality Education. There is a clear connection between student academic success and consistent school attendance. Idaho Code 33-202 stipulates that attendance is compulsory for all children between the ages of seven and sixteen years and that parents/guardians are responsible to ensure that children are in attendance.

### Excused Absences

Excused absences shall include approved school activities, personal illness, family emergencies, and pre-arranged absences that are approved by the principal through the office and will be considered on individual merit. Students are expected to make up all graded assignments when possible or practical within a reasonable time after an excused absence. Failure to do so will be reflected in the grade the student will receive for that grading period. Teachers are expected to assist with make-up assignments or activities given in lieu of assignments. In rare instances when neither of the above is possible nor practical, the principal must be consulted and the grade for work missed may not be counted in the final grade computation.

The parent/guardian is asked to call the school (**by 8:00 am**) on the day a student is absent from school. If no call is made, a written statement indicating the reason for the absence should be sent with the student on the day of returning to school.

### Pre-Arranged Absences

Pre-arranged absences are those approved by the parents for family trips, hunting, church conventions, etc. A request must be made in advance of the absence with a note signed by the parent or guardian and presented to the office. The request may be made before the absence by telephone, but a written note must follow to enable the student to be excused for the absence. A 'Pre-arranged Absence' form will be issued to the student, signed by his/her teachers, and returned to the office. Arrangements for make up work are the responsibility of the student, who will be expected to be able to continue with the course work of each class upon return to school after the absence.

### **Checking in/out of School during the School Day**

When a student checks out of school for reasons other than illness (doctor, dental, funerals, etc), a call or note from the parents or guardians to the office requesting the absence is required. A 'Temporary Dismissal' form will be issued. When a student becomes ill while at school, he/she must check out with the office. The office will call home. A 'Temporary Dismissal' form will be issued. **Note: A PARENT OR GUARDIAN MUST PICK UP THE STUDENT.** Students not following this procedure will be considered truant. When a student arrives at school at times other than the regular start of the school day, he/she must check in at the office.

### **Unexcused Absences**

Absences for other reasons shall be considered as unexcused. The student and parent/guardian assume the responsibility for making up the work missed. Work missed during an unexcused absence may be made up for credit based on the administrator's discretion. If student is allowed to make up work missed, full credit will be given.

### **Suspended Students**

On the day of the suspension, teachers will be notified and the assigned work for the student will be sent to the office by 3:00 pm for the parent to pick up the following day. Work missed during an unexcused absence may be made up for full credit based on the administrator's discretion. All work is due upon the return of the student to the classroom.

### **Tardies**

Students are expected to get to class on time. Excessive and habitual tardies are not acceptable and will result in detention, Saturday School, suspension, or expulsion from school.

**Unexcused Tardies (per semester)** 1<sup>st</sup> unexcused tardy - warning by the teacher

All other tardies - 30 minutes detention and parents notified by the teacher

### **Truancy**

Willful absence of the student without the knowledge of the school or parents/guardians is considered truancy. It is unexcused and may lead to Saturday School, suspension, or expulsion from school. Excessive absenteeism/truancies will result in referral to the NPCJCS and NPC Prosecuting Attorney. Work can be made up at the discretion of the school administration.

### **Withdrawal from School**

Parents should notify the school if they plan to withdraw their child from this school. Once the withdrawal is validated, the student will be issued a 'Drop Sheet' to be completed by teachers. The 'Drop Sheet' provides the following information: the grade earned by the student at the time of the withdrawal, teacher comments about the student, and an indication of whether or not the student owes any fines. This 'Drop Sheet' is returned to the office and signed by the principal. A copy of the 'Drop Sheet', along with a copy of immunization record if requested, are sent with the student to expedite enrollment in another school

### **Last Day of School**

Students are expected to attend the last day of school. Attendance is taken as usual, and routine procedures are followed in terms of attendance regulations, truancy, etc. Final examinations are typically scheduled during the last three (3) days of school. Students are not allowed to take final tests prior to their scheduled time.

### PATHWAYS TO PROMOTION

The Lewiston School District Pathways to Promotion Policy is for students in grades 7 and 8. Pathways to Promotion is a way of ensuring that students have the knowledge and skills necessary for success at the next grade level. Students will be required to pass 80% of their courses during the school year and cannot fail both semesters of Math, Science, Social Studies or Language Arts in order to automatically advance to the next grade. A system of interventions will be provided throughout the school year to help prevent failure by providing additional time and support. If a student does not pass 80% of his/her courses, summer school may be required. Summer school will primarily focus on the specific knowledge and skills that the student did not acquire during the school year.

### HIGH SCHOOL CREDITS

It is expected that a ninth grader will earn twelve (12) credits during the year. A 9<sup>th</sup> grader, who earns a semester grade of 'D' or better in a class, earns one (1) high school credit in that subject. Four (4) credits must be in the basic academic core subjects of English, Science, Math, Reading and/or Speech. Students who are not in good standing by the end of the summer session will be required to enroll at the Tammany Alternative Center for the succeeding fall semester. ## **HOMWORK REGULATIONS**

(Lewiston School District Rules and Regulations Sec. 5220....Adopted 4/10/95)

Homework is varied assignments intended to be carried out during non-teaching hours. Homework is an important part of learning. It enhances learning outside the classroom and beyond the school day. Homework should be directly related to the curriculum, clearly explained, and assessed. Homework should increase as the student progresses through school. Teachers and parents/guardians share the responsibility for motivating and providing opportunities for homework. The student has the ultimate responsibilities for the successful completion of homework.

The ultimate goal of homework is to enhance learning. To accomplish this goal, assignments typically address one or more of these purposes:

- \* Develop regular study habits and teach responsibility.
- \* Foster communication between the school and home.
- \* Provide a different learning environment.
- \* Provide information about lesson effectiveness, student knowledge, and student effort.
- \* Provide independent practice and/or reinforce skills.
- \* Extend classroom learning.
- \* Improve academic achievement.
- \* Prepare the student for future lessons.

In the event that a parent/guardian is concerned about homework, the concern should be resolved by meeting with the teacher. If the matter is not resolved, the following conference steps should be followed: (1) parent-teacher-building principal, and then (2) parent-teacher-building principal-superintendent.

## **5020. DISCIPLINE CODE, STUDENT**

### **1. Preface**

#### **A. Authority Vested in Board of Directors**

The Board has broad powers in establishing and enforcing rules regarding student activities insofar as the rules relate to the educational process.

The powers and duties of the Board of Directors are described in Section 33-512, Idaho Code, and Section 20, CHARTER, Independent School District No. 1, Nez Perce County, Lewiston, Idaho.

School discipline is central to the educational process. Effective learning cannot occur in an unsafe environment. Schools in which discipline is emphasized have an inherent order and sense of safety. Every student shall have the responsibility to respect the rights of all students to learn and all teachers to teach.

#### **B. Freedom from Abuse**

"Certificated employees of every school district shall be free from abuse by parents or other adults, as provided in Section 18-916, Idaho Code." (Section 33-1222, Idaho Code). All employees must be respected as they perform and direct their assigned roles. Students are expected to display respect to teachers and others at all times.

#### **C. Statutory Authority**

Idaho Code establishes the teacher's right to control students as follows:

"Powers and duties of teachers.-In absence of any statute or rule or regulation of the board of trustees, any teacher employed by a school district shall have the right to direct how and when each pupil shall

attend to his appropriate duties, and the manner in which a pupil shall demean himself while in attendance at the school. It is the duty of a teacher to carry out the 'Rules and Regulations of the board of trustees in controlling and maintaining discipline, and a teacher shall have the power to adopt any reasonable rule or regulation to control and maintain discipline in, and otherwise govern, the classroom, not inconsistent with any statute or rule or regulation of the board of trustees." (Section 33-1224, Idaho Code)

## 2. Philosophy

The Board of Directors is committed to providing all students an equal educational opportunity. Furthermore, every student has those rights of citizenship granted by the Constitution of the United States and the State of Idaho. Moreover, citizenship rights may not be abridged, obstructed, or in other ways altered except in accordance with due process of law. Education is one of these citizenship rights.

A primary responsibility of the District and its employees shall be the development of an understanding and appreciation of our representative form of government, the rights and responsibilities of the individual, and the legal processes whereby changes are brought about.

INDEPENDENT SCHOOL DISTRICT NO. 1 AND EACH SCHOOL WITHIN THAT SYSTEM IS AN ACADEMIC COMMUNITY COMPOSED OF ALL STUDENTS, TEACHERS, ADMINISTRATORS, PARENTS/GUARDIANS, AND THE COMMUNITY-AT-LARGE. The rules and regulations of a school are the laws of that academic community. All those enjoying the rights of citizenship in the school community must accept the corresponding responsibilities of school citizenship. As cited in the preface of this policy, a basic responsibility of those who enjoy the rights of citizenship is to respect the laws of the school community and the rights of the other members of that academic community. What must be emphasized is that education is not only a right; it is also a privilege which must be guarded by appropriate conduct.

## 3. General Policy

It shall be the policy and the goal of the District to encourage appropriate student conduct that will promote good health, reasonable standards of behavior, effective citizenship, and a positive atmosphere for learning. Students on school grounds or in places under school jurisdiction will abide by the rules which are established by that school to achieve these objectives.

Admission to the schools of the District carries with it the presumption that the student will conduct himself/herself as a responsible member of the school community. This includes the expectation that the student will obey the law, adhere to the policies of the District, and comply with Rules and Regulations implementing these policies. In addition, the student will safeguard the property of the school and will respect the rights and privileges of others in the school community.

Each student will accept responsibility for his/her conduct. In order to accomplish the educational purposes of this District in an effective school environment, the Board has approved a set of rules covering students' rights and responsibilities. When violations of these rules occur, the school is authorized to take appropriate action designed to ensure more responsible behavior on the part of the student. When violations of the laws of the United States, the State of Idaho, and/or its subdivisions are also involved, the school may also refer such matters to parents, legal guardians, or appropriate civil authorities.

## 4. Student Rights

### A. Student Expression

Freedom of student expression is an inherent constitutional right and is provided for in the school program. The right of free speech does not include the right to disrupt or violate the educational process. Freedom of student expression applies also to the students' dress and appearance, provided that they do not cause disruption to the educational process or present health or safety problems. When such disruption or violation occurs as determined by the teacher and/or building principal, the student shall be subject to disciplinary action. Orderly procedures for student expression include the following:

1. Students are entitled to present their personal opinions insofar as these expressions do not disrupt the educational process.
2. Non-school sponsored materials must bear identification as to the author, the publishing agency, and the distributing organization. The student who broadcasts, publishes, and/or distributes written or duplicated material on the school premises is responsible for its content.
3. Official school publications or broadcasts, including the school newspaper, yearbook, and radio station, should reflect the policy and judgment of the student editors, broadcasters, and advisors. They have the responsibility to refrain from libel and obscenity. Final responsibility in these matters shall rest with the building principal.
4. Radio broadcasts and/or the distribution of such material as specified in Sections 2 and 3 above must take place at a reasonable time and location approved by the principal or designee and must not interfere with the educational process.
5. Students are entitled to verbally express their personal opinions. Such verbal opinions shall not interfere with the freedom of others to express themselves. Such expressions must be free of libel, slander, obscenity, and inflammatory statements.
6. A student shall not use written, oral, or visual expression to advocate or encourage the commission of a crime.
7. Commercial solicitation is not student expression. It may be conducted only as authorized by Board Policy and District Rules and Regulations.

**B. Assembly**

Students have the right to peaceful assembly in school facilities generally available to the public at convenient hours that do not conflict with school functions, regulations, or require staff on duty beyond regular hours, provide that such assembly shall:

Therefore, to assure that the rights of the student are balanced with the total needs of the school community, the following rules will apply to the search of school property assigned to a specific student and the seizure of items in his/her possession.

1. School administrators may authorize a "reasonable" search of students, lockers, desks, and vehicles when such persons and/or objects are located on school property are within school jurisdiction.
  - a. There must be reasonable grounds for suspecting that the search will turn up evidence that the student has violated, or is violating, either the laws or rules of the school.
  - b. The scope of the search must be reasonably related to the objectives of the search and not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.
  - c. A student will be asked to consent to the search; however, failure of the student to consent will not necessarily halt the search by school officials.

- d. Strip searches are considered **excessively intrusive** and may be conducted only when based on probable cause and only when it is believed that a student possesses a deadly weapon or other such item that constitutes an immediate danger to the lives of other students or staff.
2. Parents/guardians of a student should be notified as soon as possible following a search. A student who has been searched will not be released by school authorities before the school officials have spoken to the parent/guardian or have made a reasonable effort to contact the parent/guardian, except if arrested by police.
3. Police may conduct a search in a school when the officer who is conducting the search has a warrant.
4. A search warrant shall specify the place to be searched and the item(s) to be seized.
5. Unauthorized or illegal items may be taken into custody by school authorities.

Items considered potentially dangerous, disruptive, or that can interfere with the educational process may be removed from a student's possession. A reasonable effort will be made to notify parents/guardians.

**D. Freedom from Discrimination**

No student shall be discriminated against by reason of race, religion, sex, economic status, ethnic origin, physical or mental disability, pregnancy, marital status, previous arrest, or incarceration. A student claiming such discrimination shall file a complaint as outlined under due process.

**E. Parking**

At those schools where off-street parking lots are provided, students have the right to utilize space as authorized by the building principal. Students are subject to the laws of the community, which include respecting handicapped parking and fire lanes.

**SACAJAWEA VEHICLES POLICY**

In the event that a member of a law enforcement agency request an interview with a student during school hours and/or on school property, the following procedures shall be followed (except in cases of alleged child abuse/neglect):

1. When law enforcement authorities want to interview a student, the law enforcement authority will fully and completely explain the situation to the principal or designee. The school official will determine the appropriateness of conducting the interview on school premises.
2. The principal or designee shall contact the parents/guardians of the student to be interviewed and advise them of the circumstances. The principal shall request a parent/guardian to be present at the interview. No child will be interviewed without the consent of the parent/guardian.
3. The building principal or designee shall be present whenever a student is being interviewed.
4. School authorities shall not permit a student to leave the school with an officer of the law unless the student's parent/guardian is present and consents or unless an arrest is made. If an arrest is made, a reasonable effort will be made to notify the parent/guardian.
5. Students may be interviewed at school by law enforcement or family services personnel without parent/guardian consent when an abuse or neglect incident is being investigated.

**G. Due Process**

When an incident of misconduct occurs, a student shall be given written or oral notice of any charges against him/her; and said student shall have the opportunity to defend himself/herself against these charges prior to a disciplinary action. When a major incident or prolonged series occurs, a parent/legal guardian shall be given written or oral notice.

Students are hereby advised of their right to appeal and are instructed as to who represents the next level of appeal. Generally, the line of authority will be the teacher, principal, the Superintendent and, finally, the Board of Directors.

**H. Sexual Harassment -**

Sexual Harassment is defined as unwelcome or uninvited sexual advances, requests for sexual favors, sexual comments, or innuendo. Uninvited or unwelcome verbal or physical conduct of a sexual nature constitutes sexual harassment when:

1. Submission to such conduct is either explicitly or implicitly a term or condition of an individual's education;
2. Submission to or rejection of such conduct by an individual is used as a basis for educational decisions affecting such individual; or
3. Such conduct has the purpose or effect of interfering with an individual's educational performance or creating an intimidating, hostile, or offensive educational environment.

1. It is the policy of the Lewiston School District that the educational environment for students be free from sexual harassment. Harassment on the basis of sex is prohibited. The School District will investigate complaints of sexual harassment whether the complaint is formal, informal, written, or verbal.
2. All complaints regarding sexual harassment alleged to have occurred as a result of a staff member's actions or a student's actions on school grounds during the school day or off school grounds at a school activity/event will be expeditiously investigated and appropriate action will be taken based on the School District's findings.
3. The School District will not coerce, discriminate, or retaliate against any persons filing complaints or persons acting as witnesses to complaints.
4. Due to the damage that could result to the career and/or reputation of any person falsely accused of sexual harassment, all investigations and hearings surrounding such matters will be designed—to the maximum extent possible—to protect the privacy of and to minimize suspicion toward the accused as well as the complainant.
5. A staff member or student found by the District to have made false accusations of sexual harassment will be subject to appropriate disciplinary sanctions including discharge (staff member) or suspension or expulsion (student).
6. School officials are expected to comply with the reporting requirements of Idaho Code, Section 16-1619 (abuse of children).

**5. Student Responsibilities**

**A. Respect for the Law and Rights of Others**

The student is responsible as a citizen to observe the laws of the United States, the State of Idaho, and/or its subdivisions.

All student conduct in the District is based on respect and consideration for the rights of others.

Students have the responsibility to know, respect, and abide by all school rules and regulations. Students have the further responsibility to conduct themselves in such a manner that would reflect honor and dignity upon the individual, the school, and the community.

Any pupil having been expelled may be readmitted to the school by the board of trustees upon such reasonable conditions as may be prescribed by the board; but such readmission shall not prevent the board from again expelling such pupil for cause."

Immediate disciplinary action will be taken against individuals participating in disruptive activities.

The Board considers the following as examples of disruptive actions:

- a. Alcohol, Drugs, and Narcotics- No student will be allowed to possess, use, or be under the influence of alcohol, illegal drugs, or narcotics at any time within school buildings, on any District property, or at any school activity whether on or off school property. ## Procedural Rules and Regulations

### A. Disciplinary Actions

This means all forms of correction other than suspension or expulsion. No form of discipline, other than suspension or expulsion, or the penalties prescribed for absenteeism, shall be enforced in such a manner as to prevent the student from accomplishing specific academic grade, grade level, or graduation requirements. The following is a partial list of disciplinary actions which may be taken by the teacher and/or the building principal or designee.

1. **Guidance-** A conversation between the student and school personnel. The purpose of this form of meeting is to inform the student that his/her behavior needs to change so that he/she does not violate the rights of others or to help the student improve his/her learning capabilities.
2. **Conference-** A meeting of student's parent(s)/legal guardian(s) and school personnel to discuss the student's behavior or learning process. The school will seek the assistance of the student's parent(s)/legal guardian(s) in helping the student.

4. **School Cleanup-** Requiring a student to clean up certain areas of the school.

The disciplinary actions are listed as guidelines, and the District may resort to immediate suspension or expulsion for severe misconduct even if it is first-time offense. Determination of the appropriate disciplinary action shall be made by the administrator in charge.

### B. Suspension

This means a denial of attendance at any single subject, class, or activity, or any full schedule of subjects, classes, or activities for stated period of time not to exceed five (5) school calendar days for any given suspension authorized by a building administrator. A suspension also includes a denial of admission to or entry upon real and personal property that is owned, leased, rented, or controlled by the District.

Students may be suspended from school by the principal for flagrant misconduct, gross disobedience, or truancy pending a satisfactory adjustment with the parent/guardian. Due process procedures will be followed in all suspensions. Student suspension notices will become part of the student's permanent record. Students who consistently violate various school policies, rules, and regulations will be subject to suspension regardless of the seriousness of the violation.

The decision to allow a student to make up the work missed during a suspension will be made at the discretion of the administrator. If a student is allowed to make up the work missed, credit will be given. The student and the

parent assume the responsibility for making up any schoolwork missed due to the suspension.

An expulsion also may include a denial of admission to or entry upon real and personal property that is owned, leased, rented, or controlled by the District.

In compliance with the **Gun-Free Schools Act**, a student who is determined to have brought a firearm to school or to places under school jurisdiction will be expelled from school for a period of not less than one year. The Superintendent or designee may modify the expulsion requirement on a case-by-case basis. (Firearm is defined in Section 921 of Title 18, United States Code.)

The District will not admit a student who has been expelled from another district for violating the **Gun-Free Schools Act** until that student has completed the expulsion period of not less than one year. The date of re-admittance will be based on written confirmation from the district that initially expelled the student. A student who wished to challenge this decision is entitled to a due process hearing.

The Board may deny attendance at any of its schools by expulsion for just cause.

"No pupil shall be expelled without the board of trustees having first given written notice to the parent or guardian of the pupil, which notice shall state the grounds for the proposed expulsion and the time and place where such parent or guardian may appear to contest the action of the board to deny school attendance, and which notice shall also state the rights of the pupil to be represented by counsel, to produce witnesses, and submit evidence on its own behalf, and to cross-examine any adult witnesses who may appear against him." (Section 33-205, Idaho Code)

Due process procedures will be followed in all expulsions. Student expulsion notices will become part of the student's permanent record.

## **5470. SUBSTANCE ABUSE, STUDENT**

### 1. Forward

The District recognizes that student substance abuse is detrimental to educational, emotional, physical, and social development. Furthermore, such abuse results in behavior that adversely interferes with one's performance at school, adversely affects one's health, and may endanger the safety and well being of others. The District and community resources are committed to actively confronting this problem and shall take positive, encouraging, and supportive action through education, training, counseling, peer support, family involvement, and appropriate referrals to community support groups.

Because of the pervasive nature of substance abuse, it is essential that it be viewed as a total community problem, one in which the school, family, local law enforcement, and treatment agencies share in the responsibility for prevention and intervention.

### 2. Definition

Substance abuse is defined as the use of a substance, lawful or illicit, which results in a student's educational, emotional, social, and/or physical impairment.

### 3. Policy Statement

Prevention is the first step in deterring harmful involvement with substances. The District will implement an integrated curriculum approach to prevention directed toward providing students with appropriate information and developmental experiences which will enable them to make responsible decisions regarding substance usage.

While student substance abuse will not be tolerated, the school will assist the harmfully involved student in seeking supportive and rehabilitative services within and outside the school. If treatment becomes

necessary outside the school setting, every effort will be made to ensure a successful continuation in/or re-entry into the school program.

The administration is charged with implementation of this policy through procedures that provide for prevention, identification of the substance-abusing student, facilitating intervention with provisions for appropriate support services, and continuation of staff training.

## LEGAL CONSEQUENCES

Manufacture, distribution, dispensing, possession, or use of illicit drugs is against Lewiston School District policy and is against the law! Legal consequences can be severe, including loss of driving privileges and/or monetary fines and/or imprisonment.

## Student Substance Abuse Policy (Lewiston Public Schools)

### PROCEDURES

#### A) Self-Referral and voluntary Disclosures

Students who have problems with substance abuse may seek assistance from a student assistance resource person (SARP). SARPs may include both faculty and students specifically trained to discuss substance abuse and locally available options for assessment and treatment.

Any student who voluntarily discloses using or being under the influence of alcohol or any controlled substance WHILE ON SCHOOL PROPERTY OR AT A SCHOOL FUNCTION before he/she is reasonably suspected to be in violation will be provided anonymity to the extent that disclosure is held confidential on a faculty "need to know" basis. Notification will be provided to the parent(s)/legal guardian(s). Counseling at the school level and appropriate referral for additional community services will be offered. In the case of an unsafe situation, District personnel may call law enforcement or medical personnel.

#### B) Identification-Intervention

##### 1) Student exhibits behavior(s) of concern-substance abuse suspected

- a) Definition of "Reasonable Cause/Suspicion" as defined in Idaho Code 33-210 "means an act of judgment based upon training in recognizing signs and symptoms of alcohol and controlled substance abuse, which leads to a reasonable and prudent belief that a violation has occurred". The fact that a student has previously disclosed use of a controlled substance or alcohol shall not be deemed a factor in determining a reasonable suspicion at a later date.
- b) An administrator or designee will notify the student's parent, guardian, or custodian when the student is reasonably suspected of using or being under the influence of alcohol or a controlled substance. Additionally, the administrator or designee will report the incident to law enforcement.
- c) The school's SARP will gather data from other school staff members who work with the referred student.
- d) The school's Student Assistance Resource Team (SART) may meet to consider possibilities for further action.
  - 1) SARP may gather data from other school members who work with the referred student and will conduct a pre-assessment interview with the referred student.
  - 2) Student Assistance Resource Team (SART) will meet to determine if the current information constitutes "reasonable cause/suspicion" of substance abuse.
  - 3) Principal or SARP contacts parent(s) to gather additional data and share concerns about suspected substance abuse.
  - 4) If substance abuse is confirmed or if it is determined that there is reasonable cause/suspicion that there is substance abuse, other possible interventions may include:
    - a) Referral for formal substance abuse evaluation (at parent expense)
    - b) Attendance at awareness sessions addressing substance abuse/dependency.
    - c) Referral to supervised treatment program, residential or outpatient (at parent expense).

- d) Referral of student and/or family to appropriate school or community support groups.
- e) Referral for medical and/or psychological assessment (at parent expense)

If a student violates the Student Discipline Code, established procedures will be followed.

## **2) Substance abuse witnessed**

A violation occurs when a student uses, is under the influence of, possesses, or distributes alcohol or a controlled substance on school grounds or at school-sponsored events wherever held.

- a) Staff member will attempt to obtain student's identity and, if appropriate, inform student of observed violation.
  - 1) If incident occurs during the instructional day, the student should be asked to accompany staff member to the office or a reasonable attempt should be made to detain student until school official can assume responsibility.
  - 2) If incident occurs outside the instructional day, a reasonable attempt should be made to detain student until an administrator or law enforcement official can assume responsibility for further action. Given the potential volatility of a confrontation, a "reasonable attempt to detain" may consist of nothing more than a verbal directive. In either event, it is important that staff member obtains identity of any other witnesses and/or confiscates substance or evidence substantiating its abuse.
- b) Staff member will immediately report incidents of substance abuse to the principal along with details relating to incident.
- c) If principal can corroborate that a substance abuse incident has occurred, the following steps should be taken. In addition, actions should be considered in accordance with the Student Discipline Code.

## **All Offenses**

- 2) Law Enforcement liaison will be contacted, who will initiate or conduct Law Enforcement Evaluation.

Students who choose to bring a personal computing device to school assume total responsibility for the device. Devices that are stolen or damaged are the responsibility of the student and their parents or guardians. Students are expected to:

1. Ask for permission before using the device and prior to accessing the Internet with a personal computing device.
