

September 2021

Welcome to the 2021-2022 school year! We are excited you are a part of our dynamic, challenging, supportive and safe community!

The staff is highly committed to do whatever it takes to help each student earn their diploma but we cannot do this alone. Parents/guardians and STUDENTS play a major part in this endeavor. We don't ask that students be "good" at academics. We ask them to come to school daily:

- with a growth mindset
- try hard
- be honest about what you need help with
- embrace the learning and the struggle

Please take time to explore this website for important announcements, emails and phone numbers of staff. Please reach out! We are here to inspire, support, accelerate, GRADUATE!!

Sincerely,

Greg Kramasz, Principal
