INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees Independent School District No.1 Lewiston, Idaho 83501

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Independent School District No. 1, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Summary of Opinions

| Opinion Unit | Type of Opinion |
|---|-----------------|
| Governmental Activities | Unmodified |
| Aggregate Discretely Presented Component Unit | Qualified |
| General Fund | Unmodified |
| Debt Service Fund | Unmodified |
| Capital Projects Fund | Unmodified |
| Aggregate Remaining Fund Information | Unmodified |

Basis for Qualified Opinion on the Aggregate Discretely Presented Component Unit

The financial statements of Lewiston Independent Foundation for Education, Inc., a component unit of the District, have not been audited, and we were not engaged to audit the component unit as part of our audit of the District's basic financial statements. Lewiston Independent Foundation for Education, Inc. financial activities are included in the District's basic financial statements as a discretely presented component unit and represents all of the assets, liabilities, net position, and revenues and expenditures, respectively, of the District's aggregate discretely presented component units.

Qualified Opinion

In our opinion, except for the possible effect of the matter discussed in the "Basis for Qualified Opinion on the Aggregate Discretely Presented Component Unit" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the aggregate discretely presented component unit of Independent School District No. 1 as of June 30, 2018, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 1 as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-11, the net pension liability schedules on page 46, the other post-employment benefits schedule on page 47, and the respective budgetary comparison information on pages 48-50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Independent School District No. 1's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the supplementary information of the qualified opinion on the basic financial statements as explained in the "Basis for Qualified Opinion on the Discretely Presented Component Unit" paragraph, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2018 on our consideration of the Independent School District No. 1's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and to provide an opinion on the internal control over financial reporting in accordance with *Government Auditing Standards* in considering Independent School District No. 1's internal control over financial reporting and compliance.

Continuous Improvement Plan

The Continuous Improvement Plan of the Lewiston School District is reviewed and approved annually by the Board of Directors. The plan lays the groundwork for a culture where decisions and actions that better serve our students and community are at its core.

Through the Continuous Improvement Plan, the District maintains and communicates a mission, vision and purpose committed to high expectations for learning as well as shared values and beliefs about teaching and learning. Components of the Continuous Improvement Plan are as follows:

Purpose:To educate and inspire learners for life.Vision:To achieve the highest individual potential.Mission:Strive...Achieve...Succeed...GO BEYOND!

Strategies

- 1. Design and implement a research-based, aligned, written, taught and assessed curriculum that is rich and rigorous.
- 2. Continuously improve organizational structures to result in improved student learning.
- 3. Focus professional development on research-based practices that lead to high student performance.
- 4. Define criteria that describes high performance of students and staff. Recognize when standards are met or exceeded.
- 5. Invite, celebrate and honor adaptations that increase student achievement.
- 6. Utilize a data-driven continuous improvement model to focus ongoing work throughout the organization.
- 7. Integrate technology to maximize learning.

The 2017-2018 Continuous Improvement Plan may be viewed on the district website at: <u>http://www.lewistonschools.net/superintendent-and-board/</u>

Enrollments

Student enrollment over the past several years has been relatively stable ranging from 4948 students in October of 2008 to 4681 in October of 2017.

Financial Highlights

- General Fund property tax revenue received in FY2018 increased by \$1,213,411 or 8.59% above FY2017.
- State base funding totaled \$23,651,249 in FY2018, which represents a 1.33% increase over the prior year.
- Total expenses in the general fund increased by \$1.9 million or 4.9% in 2018.
- The construction of a new comprehensive Grades 9-12 High School and Career Technical Education Center is underway. Construction will proceed for a period of approximately two years with occupancy of the new school expected in the fall of 2020.
- \$3,994,138 was levied for debt service on the 2017 construction bonds.
- The Board's five-year plan to construct outdoor athletic venues on the site of the new high school calls for selling real property and setting aside facilities funds each year. Fund transfers were carried out in 2017 and 2018 and appraisals and marketing efforts were undertaken. The sale of a residential property was closed subsequent to year-end.

Management's Discussion and Analysis For the Year Ended June 30, 2018

Overview of the Financial Statements

The annual financial report consists of three parts: 1) Management's Discussion and Analysis; 2) basic financial statements, including notes to financial statements; and 3) other required supplementary information.

The basic financial statements consist of two kinds of statements that present different views of the District's financial activities.

The statement of net position and statement of activities provide information on a district-wide basis. The statements present a total view of the District's finances. District-wide statements contain useful long-term information, as well as information for the just-completed fiscal year.

The remaining statements are fund financial statements that focus on individual parts of District operations. Fund statements generally report operations in greater detail than the district-wide statements.

The notes to the financial statements provide further detailed explanations of selected areas addressed in the statements. In addition, they provide disclosures that provide users with a complete picture of the financial position and financial activities of the organization.

Required supplementary information further explains and supports the financial statements by including a comparison of the District's budget data for the year.

District-wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The two district-wide statements report the District's net position and how it has changed. Net position (the difference between assets and liabilities) is one way to measure the District's overall financial status.

To assess the overall financial condition of the District, non-financial factors, such as changes in the property tax base and the condition of school buildings and other facilities should also be considered.

In the district-wide financial statements, all district activities are classified as governmental activities. Governmental activities include all regular and special education, all educational support activities, administration, transportation, and food services. Most of these activities are supported by property taxes and formula aid from the State of Idaho. Internal service activities, specifically those of the Medical Insurance Risk Fund and the Print Shop, are also incorporated into the district-wide statements.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on the most significant or "major" funds and not on the entire District as a whole. Funds are accounting devices primarily used by government entities to track sources and uses of funding on particular programs and to demonstrate compliance with various regulatory requirements. Some funds are required by state law or administrative rule.

Three types of District Funds

Governmental funds. Most of the District's basic services and operations are included in governmental funds which focus on how money flows into and out of those funds and the balances remaining at year-end available for use in future periods. These funds are reported on the "modified accrual" basis of accounting which measures cash and all other financial assets that can be readily

Management's Discussion and Analysis For the Year Ended June 30, 2018

converted to cash. The governmental fund statements provide a detailed short-term view of the District's general operations and basic services provided to constituents.

Proprietary funds. Also called internal service funds, these funds record transactions for print shop services and the medical insurance risk pool. Proprietary funds use the accrual basis of accounting and are consolidated with the governmental activities in the district-wide statements.

Fiduciary funds. Also called agency funds, the District serves as a trustee (or fiduciary) for student clubs and organizations. The District is responsible for ensuring that the assets reported in these funds are used only for the intended purposes and only by those to whom the assets belong. These activities are excluded from the district-wide financial statements because fiduciary assets are not available to the district for use in general operational activities. Expendable and endowed private purpose trust funds also reside in the fiduciary fund classification. These funds include contributions restricted by donors and interest earnings.

Governmental Activities

The statement of activities (page 13) reflects the cost of programs and services, and the fees, sales, grants, and contributions offsetting those services. Table 3, for governmental activities, indicates the total cost of services and the net cost of services. The net cost of services is the cost to the District from general revenue sources for each program. Specific revenue sources, such as fees for services or designated grants have been subtracted from the total cost to obtain the net cost.

Table 3 identifies the cost of those services supported by tax revenues and unrestricted State entitlements.

Proprietary Funds

The District has proprietary (or internal service) funds which account for the activities of the print shop and the medical risk fund. In fiscal year 2002, the Board established a medical risk fund to account for insurance premiums collected by the various funds of the District to recover the cost of claims paid. In previous years, the risk fund was used to manage the costs of a "mini-max" partial self-insurance plan. The mini-max plan was discontinued in fiscal year 2011. Fund transfers from the medical risk fund to the general fund have minimized the impact of insurance rate increases during years of declining revenues during the economic recession. In 2018, administrators transferred \$100,000 from the general fund to the medical risk fund to be utilized for employee benefits in the future. Keeping the cost of health benefits low is a priority for the district and is integral to recruitment and retention of staff.

Component Unit

The basic financial statements include a statement of net position and statement of changes in net position for the Lewiston Independent Foundation for Education, Inc. (L.I.F.E.), a component unit of the District. These statements are included to meet requirements of GASB Statement 61. The Foundation is a separate organization whose resources are held for the direct benefit of the District and our students. The statements as presented are unaudited and are prepared by the Foundation's Treasurer, Doug Baune. Mr. Baune can be reached at 1132 Idaho Street, Lewiston, ID 83501 for more information.

General Fund Budgeting Highlights.

The School District's budget is prepared according to Idaho law and is developed on the same accounting basis as the fund statements. The most significant budgeted operational fund is the General Fund. The District amended its General Fund Budget in June of 2018 to more accurately reflect actual financial circumstances encountered during the course of the year.

Management's Discussion and Analysis For the Year Ended June 30, 2018

Capital Assets

At the end of fiscal year 2018, the School District had \$11,279,962 invested in net capital assets in government-wide activities. Table 4 reflects fiscal year 2018 balances compared to fiscal year 2017.

Current Issues

State apportionment funding received by the District increased 1.33% compared to the previous year. The Legislature did increase both the funding per support unit and the salary-based apportionment, but the District measured approximately 4.55 fewer support units in the first reporting period of fiscal year 2018 than in 2017.

At the local level, the overall market value of property in the District rose by approximately 5.6% from December 2016 to December 2017, or approximately \$150 million. The most significant increase in market value was the result of adding the formerly non-profit hospital to the tax rolls after it was purchased by a taxable entity. Residential real estate values continued to strengthen and there was also an upward trend in commercial property values. Construction activity in the community is thriving, creating good quality family wage jobs.

Older school facilities continue to require a significant investment of resources to keep them safe and useable for today's students. A new roof, nine (9) new HVAC units and new gas pipes were installed at Centennial Elementary School. The kitchens were upgraded and new walk-in freezer/coolers were installed at Centennial and Webster Elementary Schools. Security camera systems were installed at Jenifer and Sacajawea Junior High Schools as part of the district's commitment to student safety. The walk-in freezer at the Central Food Warehouse was rebuilt and material storage bins were built at the Smith Baseball Complex.

The Capital Projects Fund (School Plant Facilities Reserve or SPFR) net position rose by approximately \$268,076 in fiscal year 2017-2018. The district was able to fund the foregoing list of maintenance projects largely with general fund dollars, which preserves SPFR reserves for future needs.

On March 14, 2017, district patrons passed a \$58.9 bond measure to fund the construction of new facilities for Lewiston High School, including a Career Technical Education Center. Site excavation began in February, 2018 and the entire construction project is expected to be completed in the summer of 2020. Investments in Site Improvements and Construction in Progress are reflected in Table 4 above.

Management's Discussion and Analysis For the Year Ended June 30, 2018

Fiscal year 2018 is the fourth year of a five-year supplemental levy which was passed by voters in May, 2013 with an 85% yes vote. This levy is a significant funding source for District programs. In March of 2018, the District authorized an election for renewal of the five-year supplemental levy at a slightly lower rate of .0042 (.42 of one percent) of taxable market value. The renewal was approved by 81% of voters. The district also has a permanent supplemental levy of .000884 of market value. Both levies support general fund operations.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Independent School District No. 1 is organized under a charter granted by the Eleventh Territorial Legislature and adopted in 1880. The charter was last amended in 1971.

The financial statements of Independent School District No. 1 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant policies:

A. REPORTING ENTITY

Independent School District No. 1 is the basic level of government which has financial accountability and control over all activities related to public school education within the District. The Board receives funding from local, state and federal government sources and must comply with the requirements of those entities. The District is not included in any other governmental "reporting entity" as defined by GASB pronouncements. Board members are elected by the public and have decision making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and have primary financial accountability for fiscal matters. The unaudited financial statements of the Lewiston Independent Foundation for Education, a component unit, are presented discretely on the Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position.

B. BASIS OF PRESENTATION

<u>Government-wide Statements</u>: The statement of net position and the statement of activities display information about the financial activities of the overall district, except for fiduciary activities. Eliminations of all activity in the internal service funds have been made to minimize the double counting of internal activities. Only governmental-type activities are shown, since there are no "business-type activities" within the school district. Fiduciary fund types are omitted from the government-wide statements.

The statement of activities presents a comparison between direct expenses and program revenues for each different function of the District's governmental activities.

- Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expenses—expenses of the District related to the administration and support of the District's programs, such as personnel and accounting—are not allocated to programs.
- Program revenues include (a) fees paid by the recipients for goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state foundation aid, are presented as general revenues.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BASIS OF PRESENTATION (continued)

Fund Financial Statements: The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category—governmental, proprietary and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and internal service funds, each displayed in a separate column. All remaining governmental and internal service funds are aggregated and reported as non-major funds.

The District reports the following major governmental funds:

- General Fund. This is the District's primary operating fund. It accounts for all financial resources, except those which are accounted for in another fund.
- Debt Service Fund. These restricted funds are used to make the principal and interest payments for outstanding general obligation bonds.
- Capital Projects Funds. These funds are used to account for financial resources that are legally restricted for the acquisition, construction, or major repair of school property. The three funds in this category are:
 - Plant Facilities Fund (SPFR)
 Capital Construction Fund (LHS)
 - 3. Athletic Venues Fund
 - 3. Athletic venues Fund

The District reports the following fund types:

- Proprietary funds (Internal service funds). The District has two internal service funds which are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. A Print Shop fund accounts for printing and binding services provided to all departments of the District. A Medical Insurance Risk fund was originally established to account for the activities related to partial self-insurance of medical benefits. The District has elected to minimize risk by offering employees a more traditional form of health insurance benefits, and the residual balances in the medical risk fund are used to subsidize premiums and pay plan expenses.
- Fiduciary funds. The District has two fiduciary funds:

<u>Private-purpose trust fund</u>. This fund reports a trust arrangement under which contributions to endowments are maintained to support programs identified specifically by the donors.

<u>Agency funds</u>. These funds account for assets held by the District as an agent for various student groups and clubs. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Component Unit:

- The District reports the net position and changes in net position of one component unit, the Lewiston Independent Foundation for Education (L.I.F.E.). The component unit financial statements are presented pursuant to GASB Statement 61 because the economic resources received by the Foundation are held for the direct benefit of the District and its students.
- The unaudited statements of L.I.F.E. are fiduciary in nature and are not included in the activity of the government wide financial statements.
- Separately issued financial statements are available from L.I.F.E. Treasurer, Doug Baune, 1132 Idaho St. Lewiston, ID 83501.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The accounting and financial reporting treatment is determined by the measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

Government-Wide and Fiduciary Fund Statements – The government-wide and fiduciary fund financial statements are presented using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements—Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues, other than grant funds, reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Grant funds are considered available when program expenses have been incurred and if collection is expected in the upcoming fiscal year. Property taxes, state foundation payments and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred except for compensated absences which are recognized as expenditures to the extent they have matured.

General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources, if applicable. As of June 30, 2018, the District has no acquisitions under capital leases.

Proprietary Funds utilize the accrual basis of accounting. Under this basis of accounting, revenues are recognized when earned and expenses are recognized when incurred. The internal service funds distinguish operating revenues and expenses from non-operating items. Operating revenues are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenditures.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. RESTRICTED RESOURCES

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted components of net position available to finance the program. It is the District's policy to first apply restricted cost reimbursement grant resources and then unrestricted general revenues.

E. BUDGETARY DATA

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual budgets are adopted for general, special revenue, and capital projects funds, within which expenditures may not exceed budget at the fund level.

The Board of Directors follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. At least 14 days prior to the public hearing the District publishes a proposed budget for public review.
- 2. A public hearing is set to obtain taxpayer comments.
- 3. The final budget is adopted by official action of the Board at the regular June meeting of the Board of Directors. The 2017-2018 budget was adopted at its regular board meeting held June 12, 2017.
- 4. Prior to July 15, the final budget is filed with the State Department of Education.
- 5. In June 2018, the District revised its annual budget to reflect more accurate revenue and expenditure projections. These amendments reflected updated market value information which was not available when the initial budget was set.

F. ENCUMBRANCES

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded, reserving that portion of the applicable appropriation, is employed as an extension of formal budgetary integration of the Governmental Funds. Encumbrances outstanding at year-end are recorded as reservations of net position in the funds, but do not constitute expenditures or liabilities.

G. CASH AND INVESTMENTS

The District's cash and investments consist of savings accounts and money market accounts held in local depositories, as well as deposits in the Idaho State Treasurer's local government investment pool. All investments are invested in FDIC and SLIC insured accounts or are securities held by the pool or its agent in the pool name. Deposits in the State pools are not insured or otherwise guaranteed by the State. Those investments held in local depositories which exceed the FDIC insured limits of \$250,000 are in authorized public funds accounts. Interest income is defined as non-operating revenue.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deposits in State Treasurer's local government investment pool (LGIP) are stated at cost, which approximates market. The State Treasurer combines deposits from all governmental entities in the state participating in the pool, and purchases the following types of investments:

- a. Local Certificates of Deposit
- b. Repurchase Agreements
- c. U.S. Government Securities

The entities participating in the pool own a percentage of each investment held. The percentage is calculated by dividing the individual entity's deposits by the total deposits held in the pool. The purpose of this is to:

- a. Increase the overall rate of return.
- b. Reduce the risk of default.
- c. Place each entity under the FDIC and SLIC limits of \$250,000.

The State Treasurer must operate and invest the funds in the investment pool for the benefit of the participants, in accordance with Idaho Code Sections 67-1201 through 67-1222. The pool is not registered with the Securities and Exchange Commission or any other regulatory body. A copy of the external investment pool's financial statements is available from: Office of State Controller, Bureau of Reporting and Review, PO Box 83720, Boise, Idaho 83720-0011, 208-334-3150 or at www.sco.idaho.gov/

Investments in time certificates of deposit and savings accounts are authorized by Board policy as permitted by Idaho Code § 67-1210.

H. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the statement of net position. Short-term inter-fund loans are classified as "inter-fund receivables/payables."

I. PREPAID SUPPLIES

Supplies are valued at the weighted average cost method of accounting. Expendable supplies are accounted for by the consumption method, which records the expenditure at the time the items are used. The reserve for prepaid supplies is equal to the supplies inventory to indicate that a portion of the net position is not expendable.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. PROPERTY TAXES

The District's property tax is levied in September and is payable to Nez Perce County, Idaho, on December 20 and June 20 following the levy date. Taxes are remitted to the District by the County in the January and July. Taxes are delinquent the day following the due dates.

Property taxes levied for the year ended June 30 are recorded as revenue of the period. Delinquent property taxes are reflected as "taxes receivable". An allowance of \$13,000 has been provided as of June 30, 2018. Current tax collections for the year were 98.29% of the tax levy as of August 31, 2018.

K. CAPITAL ASSETS

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed assets are reported at estimated fair value at the time received.

The Board has set a capitalization threshold of \$5,000. All purchases and improvements to facilities which are not considered repairs are capitalized and depreciated using the straight line method in the government-wide statements and proprietary funds. Lives for buildings and improvements range from 20 - 50 years. Estimated useful lives for site improvements range from 9 - 25 years. Lives for equipment range from 5 - 10 years. Infrastructure consisting of the fiber optic network has a 20 year life.

L. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

M. Fund Equity

The nonspendable fund balance category includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The restricted fund balance category includes amounts than can be spent only for the specific purposes stipulated by constitution, external resource providers (grants), or through enabling legislation. The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decisionmaking authority. Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or Unassigned fund balance is the residual classification for the committed. government's general fund and includes all spendable amounts not contained in other classifications. The Board of Directors adopted policy during fiscal year 2017, establishing a minimum unassigned General fund balance in the range of eight percent (8%) to twelve percent (12%) of the subsequent year's budgeted expenditures and outgoing transfers.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

N. CASH EQUIVALENTS ON THE STATEMENT OF CASH FLOWS

The District considers all cash and investments with a maturity of less than 30 days to be cash or cash equivalents on the statement of cash flows.

O. ECONOMIC DEPENDENCE

The District's largest single source of tax revenue is generated from Clearwater Paper Corporation which comprises 11.8% of the District's net market value in 2018 (15.6% in 2017). The net market value is the District's total assessed market value less any exemptions.

P. PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflow of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho (PERSI) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the audit report. This is the date the financials were available to be issued. Management has concluded that no material subsequent events have occurred.

NOTE 2 - PROPERTY TAX

The market value for the District as of September, 2017, upon which the Tax Year 2017 levy was based, was \$2,866,484,662.

The District's actual levy was .00513688 of market valuation for general education services. The combined tax rate to finance educational services consisted of a permanent supplemental levy of .000847341, and a five year supplemental levy (2013) of .004289540. The total tax levy for the year ended June 30, 2018, was \$14,832,080 and payments totaling \$15,738,571 were received for taxes, penalties, and interest owed from tax years 2013 through 2017.

The District's bond levy was 0.0013649 of market value, for a total levy of \$3,946,800. The first debt service payment was interest only, in the amount of \$1,735,676. The second payment of \$2,113,950 (principal and interest) is due September 15, 2018.

In the Governmental Funds Statements, property taxes levied but not yet collected for fiscal year 2018 are recorded as receivables, and a deferred revenue amount is recorded to the extent of taxes not estimated to be collected within 60 days of the end of the accounting period.

NOTE 4 - CASH AND INVESTMENTS

Cash

Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned. The District currently does not have a formal policy regarding custodial risk for deposits. At June 30, 2018, the carrying amount of the District's deposits (including student activity funds) was \$1,388,920. The bank statements show a total of \$1,809,865 in local depository accounts insured by the FDIC or NCUA up to the limit of \$250,000 per institution. Potlatch No. 1 Federal Credit Union provides an additional \$250,000 insurance for an institutional total of \$500,000. Total deposits fully insured equal \$1,114,618, and the remaining \$695,247 is held in authorized public funds accounts.

Investments

The District's investment policy was adopted by the Board of Directors and provides the Director of Business Services with the authority to invest in any of the securities identified as eligible investments as defined by State statute with primary emphasis on safety of principal and liquidity. The total carrying amount of investments at year end is \$61,775,529 (\$64,699,449 was the total at June 30, 2017).

Investments are classified into the following three categories of credit risk:

- (1) Insured or registered, or securities held by the District or its agent in the District's name.
- (2) Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the District's name.
- (3) Uninsured and unregistered, with securities held by the counterparty or by the counterparty's trust department or agent, but not in the District's name.

The District's investment statement balances at June 30, 2018, all held in the Local Governmental Investment Pool (LGIP) are as follows:

| Fund | Category | Amount |

| Medical Trust | 1 | 351,785 |
| Total | | \$5,702,615 |

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 4 - CASH AND INVESTMENTS (continued)

The District participates in the Idaho State Treasurer's Local Governmental Investment Pool (LGIP), which is under the administrative control of the Idaho State Treasurer's Office. Participants have overnight availability to their funds, up to \$10 million. Withdrawals of \$10 million or more require three business days' notification.

All LGIP investments meet the requirements of Idaho Code § 67-1210 et seq. as allowable investments for government agencies. As of June 30, 2018, the LGIP investment portfolio consisted of 32% U.S. Government Agency Notes, 23.8% U.S. Treasuries, 18.9% in Commercial Paper, and the remainder in Corporate Bonds and Repurchase Agreements. As of June 30, 2018, the weighted average maturity of the LGIP portfolio was 94 days, and the yield to maturity was 1.993% (as compared to 0.944% June 30, 2017).

The following schedule represents the District's portion of investments in the external investment pool and a distribution of the pool's maturities at June 30, 2018:

| | | Investm | nent Maturities | |
|---------------------|-------------|--------------|-----------------|------------------|
| External Investment | <u>Book</u> | Market | Less than 1 | <u>1-8 Years</u> |
| Pool | Value | <u>Value</u> | year | |

| P1FCU- Certificate of Deposit | 500,000 |
| LGIP Fund | 1,251,339 |
| Total | 1,751,339 |

In August, 2017, the District entered into a Master Repurchase Agreement with Deutsche Bank Securities, Inc. for investment of proceeds from the sale of General Obligation Bonds issued in June, 2017. The initial investment was in the amount of \$57,867,040 at a yield of 1.55% per annum for the life of the contract. The District has the ability to withdraw any amounts necessary for the payment of construction costs incurred in building the new Lewiston High School and Career Technical Education Center financed by the bond issue.

The investments are collateralized by securities held by Wells Fargo Bank in the form of bonds, treasury bills, interest-bearing notes or other obligations of the United States (or those for which the faith and credit of the United States are pledged for the payment of principal and interest) and/or general obligations or revenue bonds of the State of Idaho (or those for which the faith and credit of the State of Idaho are pledged for payment of principal and interest) in an amount not less than 101% of the value of the investment. At June 30, 2018, the value of investments held with Deutsche Bank Securities, Inc. was \$55,572,913.

The District's legal debt limit is calculated at 5% of the full market value of property located within the District, as follows:

| Full Market Value (as of September 2017) | \$3,653,937,339 |
|--|----------------------|
| Plus: Urban Renewal Value | 25,011,929 |

| Less: Outstanding debt subject to limit | <u>(51,180,000</u>) |
| Legal debt margin at June 30, 2018 | \$ 132,767,463 |

At June 30, 2018, \$631,485 was held in investments in the Debt Service Fund and net taxes receivable were \$1,632,571 to service the General Obligation Bond debt. The first levy of taxes took place in December of 2017 and the first debt service payment was an interest-only payment of \$1,735,676 made in February, 2018. The first payment of principle and interest is due in September, 2018, which explains the reason why the outstanding debt at June 30, 2017 and June 30, 2018 is the same.

NOTE 5 - NON-CURRENT LIABILITIES (continued)

Compensated Absences

At June 30, 2018, the District is obligated to employees who work on a twelve-month basis, for vacation time earned but not yet used in the amount of \$350,814 which will be paid from General Governmental Fund types when used. Compensated absences are generally liquidated by the General Fund. The current portion is estimated to be paid out of expendable available financial resources and is included as payroll and taxes payable in the Funds Statements. Employees are allowed to carry forward from year to year, a maximum number of days equal to one-half their annual number of days earned. Excess days not taken by one's anniversary date each year are lost. Generally speaking, unused vacation days are not paid in cash unless the employee terminates employment with the District.

During the year ended June 30, 2018, the following changes occurred to noncurrent liabilities:

| Non-Current Liability | 7/1/2017 | Additions | Reductions | 6/30/2018 |
|-----------------------|-----------|-----------|------------|-----------|
| Compensated absences | \$333,847 | \$254,711 | \$237,744 | \$350,814 |

Other Post-Employment Benefits

For purposes of measuring the net Other Post Employment Benefits (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the Independent School District No. 1 Employee Group Benefit Plan have been determined based the requirements of GASB 75, Accounting and Financial Reporting for Post Employment Benefits Other Than Pensions. The Plan has been calculated using the entry age normal funding method.

General Information about the OPEB Plan

The Independent School District No. 1 Employee Group Benefit Plan is a single-employer defined benefit OPEB plan that provides benefits to current and future retirees.

Retirement and Dependent Medical Benefit Eligibility

Upon separation from public school employment by retirement in accordance with Chapter 13, Title 59, Idaho Code, a retiree may continue to pay premiums for the retiree and the retiree's dependents at the rate for the active employee's group health, long-term care, vision, prescription drug and dental insurance programs as maintained by the employer for the active employees until the retiree and/or the retiree's spouse becomes eligible for Medicare at which time the district shall make available a supplemental program to Medicare for the eligible individual (Medicare Retirees).

Eligibility for Retirement

Normal retirement eligibility is age 65 with five years of service, including six months of membership service. Early retirement eligibility is age 55 with five years of service, including twelve (12) months of membership coverage.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 5 - NON-CURRENT LIABILITIES (continued)

Medicare Retirees

Medicare retirees are defined as retirees who are 65 years of age or older, are not included in the District's plan, and Medicare will be considered their primary plan. Medicare Retirees and eligible dependents who enroll in Medicare (both Part A and Part B) are eligible to participate in the Statewide School Retiree Program that supplements Medicare.

Funding

The District's OPEB plan is funded under a pay-as-you-go funding method. Under this method, the District has not set aside any assets (nor accumulated any assets in a trust) that meet the definition of plan assets under GASB 74 or 75 to offset the OPEB liability. Therefore, the Net OPEB liability is equal to the Total OPEB liability.

OPEB Benefits

The health care benefits are contracted by the District through group medical, dental and vision plans. The medical, dental and vision plans include an annual deductible, coinsurance payment requirements, and an annual out-of-pocket maximum for the member/family. The prescription drug benefit is provided through a tiered system comprising of the type of prescription (generic, formulary brand, and non-formulary).

Census Data

As of July 1, 2016, the valuation date, the District had 527 active (future retirees) participants and 66 inactive (current retirees) participants.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the Employer reported a liability of \$1,293,560 of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2016.

For the year ended June 30, 2018, the Employer recognized OPEB expense (revenue) of (\$142). At June 30, 2018, the Employer reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | d Outflows of sources | ed Inflows of sources |
|--|------------------------------|------------------------------|
| Differences between expected and actual experience | \$ | \$ 136,224 |

Participation

For future retirees, participation rates were assumed to be 45.0% for medical coverage and 50.2% for dental coverage. Future retired members who elect to participate in the plan are assumed to be married at a rate of 6.0%. 70.0% of the future retirees who elect medical or dental coverage and married are assumed to elect spousal coverage. Males are assumed to be three years older than females. Actual spouse information is used for current retires.

Mortality

For active members, inactive members and healthy retirees, mortality rates were based on the RP2000 Combined Healthy Mortality Table adjusted with generational mortality adjustments using Scale AA, set back three years for both males and females. For disabled retirees, mortality rates were based on the RP2000 Disabled Mortality Table adjusted with generational mortality adjustments using Scale AA, set back one year for males and set forward two years for females.

Interest/Discount rate

Interest/Discount rates utilized in the actuarial calculations are 3.72% as of the measurement date and 3.87% as of the roll-forward date.

NOTE 7 - DEFINED BENEFIT PENSION PLAN

In accordance with GASB 68, Accounting and Financial Reporting for Pensions, which became effective for the year ended June 30, 2015, the financial reporting and note disclosures are based off the most recent audited financial statements of PERSI, which was completed for the period ended June 30, 2017. All amounts are as of June 30, 2017 unless otherwise noted.

Plan Description

The District contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 7 - DEFINED BENEFIT PENSION PLAN (continued)

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

Pension Benefits

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months. Amounts in parenthesis represent police/firefighters.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

Member and Employer Contributions

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation and earnings from investments. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) if current rates are actuarially determined to be inadequate or in excess to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% (72%) of the employer rate. As of June 30, 2017 it was 6.79% (8.36%). The employer contribution rate is set by the Retirement Board and was 11.32% (11.66%) of covered compensation. The District's employer contributions required and paid were \$3,008,213, \$2,854,983, \$2,722,772 for the three years ended June 30, 2018, 2017 and 2016 respectively.

Pension Liabilities, Pension Expense (Revenue) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of July 1, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions in the Base Plan relative to the total contributions of all participating PERSI employers. At June 30, 2018, the District's proportional share of the total was .008121001.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 7 - DEFINED BENEFIT PENSION PLAN (continued)

The District's pension expense (revenue) is calculated and made available as part of PERSI's annual audit. PERSI's audit for the year ended June 30, 2018 has not been completed at the time of issuance. The pension expense (revenue) for the year ending June 30, 2018 was calculated at \$2,062,328.

At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of | Deferred Inflows of |
|---|----------------------|---------------------|
| | Resources | Resources |
| Change in proportionate share | | 134,911 |
| Employer contributions made subsequent to the measurement date of June 30, 2017 | 3,008,213 | |
| Differences between expected and actual | | |

| Net difference between projected and actual | | |
| earnings on pension plan investments | | 764,793 |
| Total | 5,012,599 | 2,049,707 |

\$3,008,213 is reported as deferred outflow of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

| 2018 | -693,940 |
|------|-----------|
| 2019 | 1,199,259 |
| 2020 | 340,283 |
| 2021 | -756,012 |

Actuarial Assumptions

The total pension liability in the July 1, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.25% |
|----------------------------|-------------|
| Salary Increases | 4.25% - 10% |
| Investment return, net | 7.10% |
| Cost of Living Adjustments | 1% |
| Salary Inflation | 3.75% |

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 7 - DEFINED BENEFIT PENSION PLAN (continued)

Mortality rates were based on the RP - 2000 combined table for healthy males or females as appropriate with the following offsets:

- Set back 3 years for teachers
- No offset for male fire and police
- Forward one year for female fire and police
- Set back one year for all general employees and all beneficiaries

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses Callan Associates 2016 capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of January 1, 2017.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 7 - DEFINED BENEFIT PENSION PLAN (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

| | 1% Decrease | 7.1% rate used | 1% Increase |
|--|--------------|----------------|---------------|
| District Net Pension Liability (asset) | \$29,668,065 | \$12,764,819 | (\$1,282,227) |

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

NOTE 8 - OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosure of certain information concerning individual funds including:

RESTRICTED ASSETS

In accordance with Idaho Code, payments distributed to School Districts by the State of Idaho as reimbursement for bus depreciation are deposited into the School Plant Facility Reserve (SPFR) Fund to be used exclusively for the purchase of school buses. Other deposits into the SPFR Fund are restricted by Idaho Code 33-1019(3) to be used exclusively for the maintenance and repair of school buildings. Further, the statute requires unexpended funds to be carried over from year to year, and to remain allocated for the purposes specified. At June 30, 2018, restricted SPFR assets totaled \$2,113,690. Restricted and non-spendable assets in *Other Governmental Funds* represent funds restricted by funding agencies for specific uses, and total \$402,045. Non-spendable assets in the *General Fund* represent supplies in inventory and other prepaid expenses, in the amount of \$415,489.

INTERFUND TRANSFERS

Transfers to support the operations of other funds are recorded as "Operating Transfers" and are classified with "Other financing sources or uses." Idaho Code and State Department of Education Regulations mandate transfers into the Capital Projects (SPFR) Fund of the school bus depreciation reimbursement, and a transfer into the Child Nutrition fund from the General Fund pursuant to Idaho Code 33-1015 for the payment of federal social security payroll taxes. Uncollectible school lunch accounts are unallowable costs in the Child Nutrition Program and \$1,556 was transferred from the General Fund to compensate for uncollectible accounts. Planned transfers were made from the Capital Projects (SPFR) fund to the fund designated for the construction of Athletic Venues as outlined in the Board's five-year plan. Infrastructure costs in connection with off-site improvements required in connection with the new high school are not included in bond financing and a transfer from the General Fund to the Capital Projects (SPFR) fund to the Capital Projects (SPFR) fund to the form the required in connection with the new high school are not included in bond financing and a transfer from the General Fund to the Capital Projects (SPFR) fund to the fund designated for the construction of Athletic Venues as outlined in the Board's five-year plan. Infrastructure costs in connection with off-site improvements required in connection with the new high school are not included in bond financing and a transfer from the General Fund to the Capital Projects (SPFR) fund was made to for that purpose.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 8 - OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES (continued)

EXPENDITURES OVER BUDGET

The excess of actual expenditures over budget occurred in the following funds:

| Program | Over Budget |
|-----------------------|-------------|
| Child Nutrition | 50,785 |
| Indian Education Fund | 1,023 |
| Capital Projects | 159,187 |
| General | 131,228 |

TERMINATION BENEFITS

The District sponsors an Early Retirement Incentive Program. Under this program, long-term certificated employees who elect for the program agree to retire prior to reaching age 65 in exchange for a lump sum payment made following retirement. At June 30, 2018, the District was obligated to make payments totaling \$118,319 on behalf of retiring employees. One payment will be made in September 2018.

NOTE 9 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

A civil suit claiming damages as a result of a motor vehicle accident involving a school bus was filed in District Court on February 15, 2017 and a settlement was reached in February 2018. The total dollar amount of the settlement was \$97,302.72 and was fully covered by the District liability insurance.

NOTE 10 - LOSS CONTINGENCY

The District has evaluated its exposure to potential losses that could arise as a result of pending legal matters as of the date of the audit report.

A suit was filed in U.S. District Court in May, 2018 by Mike Zeyen, Rachel Booth and Kim W. Wood, as patrons of Pocatello/Chubbuck School District #25 vs. Boise District #1, et al, seeking declaratory and monetary relief arising under 42. U.S.C. § 1983, under the Fifth and Fourteenth Amendments to the U.S. Constitution. At issue are fees the plaintiff alleges were charged by public schools attended by his children in violation of Idaho's constitutional mandate to provide free public schools. The plaintiff seeks to have this suit declared a class action and to hold every public school and public charter school in the state accountable. The District is represented by legal counsel retained by its liability insurance carrier, the Idaho Counties Risk Management Program (ICRMP). While ICRMP has provided legal representation, in a letter dated June 5, 2018, it explained that if a monetary judgment is returned against the district, no coverage for that judgment exists. It is the opinion of the District that any potential losses with regard to this suit would not be material.

NOTES TO FINANCIAL STATEMENTS June 30, 2018

NOTE 11 - CONTINGENT LIABILITIES

Grant programs

The District participates in a number of state and federally assisted grant programs, mainly Title I, IDEA Part B grants, and the National Child Nutrition Program. These programs were subjected to financial and compliance audits as outlined in 2 C.F.R. § 200 et seq. during the course of the annual audit of the District's records, and are subject to additional audits by the grantors. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time; although the District expects such amounts, if any, to be immaterial.

NOTE 12 - PRIOR PERIOD ADJUSTMENT

For the fiscal year ended June 30, 2017, PERSI retroactively applied the provision of GASB 68, paragraph 54 and netted the deferred inflows and deferred outflows of resources related to the differences between expected and actual investment earnings. The District has presented these amounts in the same manner as PERSI's presentation. The change reduced the total deferred outflow and deferred inflow of resources by \$3,791,000, respectively, as of June 30, 2017. The adjustment had no effect on the beginning net position or the change in net position in the prior year.

Additionally, as a result of implementing GASB 75 related to other post-employment benefits, a prior period adjustment was made to record the unamortized deferred inflow of resources as of June 30, 2017. The change increased deferred inflow of resources by \$168,117 and reduced unrestricted net position by \$168,117.

NOTE 13 - TAX ABATEMENT

Nez Perce County enters into property tax abatements with local businesses under Idaho Code § 63-602NN. Under the Code, the County may grant property tax abatements of up to 100 percent of plant investments that meet all tax incentive criteria as defined in I.C. § 63-602NN (2).

For the County's fiscal year ended September 30, 2017, it abated no property taxes under this Code section. The County has entered into agreements as follows:

- a 75% reduction in assessed value to a pulp and paper product manufacturer for specified plant improvements not to exceed \$81 million of assessed value effect for five (5) years starting in tax year 2017. The abatement amounted to \$299,090 for the District's fiscal year.
- A 50% reduction in additional assessed value in the first year and 75% in the next four years to a bullet manufacturer for plant improvements effective for five (5) years starting in tax year 2018. The abatement did not have an effect on the District's fiscal year.

The two tax abatements described above do not reduce the property tax levied by the District below the levels in previous years, but do delay the increases that could result from the expansion of two large manufacturing firms in the community. Overall increases in the market value of the District should have a positive effect in the future.

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific funding sources or to finance specific activities as required by law or administrative regulations.

<u>Title I-A ESSA Improving Basic Programs and Title I-D ESSA Neglected and</u> <u>Delinquent Children</u>. Restricted federal revenue to be spent on programs to provide special instruction to economically disadvantaged students. In fiscal year 2017-18, the District was also awarded \$5,463 in Title I-D Neglected Child funding to assist with providing educational services at the Region II Juvenile Detention Center.

<u>IDEA Part B (611 School Ages 3-21).</u> Restricted federal revenue to be spent on programs to provide for testing, physical therapy, certificated teachers, teaching assistants, equipment, materials and supplies for special education students.

<u>IDEA Part B (619 Preschool Ages 3-5)</u>. Restricted federal funding to be spent on programs for preschool students with disabilities.

<u>Carl D. Perkins Career Technical Education</u>. Restricted federal funding to be spent to procure equipment and supplies for career technical education programs.

<u>Title VII-A Indian Education</u>. Restricted federal funding supporting efforts to strengthen elementary and secondary school programs serving American Indian students.

Johnson O'Malley Indian Education. Restricted federal funds to be spent on efforts to assure that American Indian students are functioning at grade level.

<u>Title IIA – ESSA Supporting Effective Instruction</u>. Restricted federal funding to be spent to provide professional development for instructional staff to improve quality of teaching and student achievement.

<u>Child Nutrition</u>. School nutrition programs, including breakfast, lunch and healthy snacks during the academic year, as well as a Summer Food Program. Funding is provided by the U. S. Department of Agriculture and by sales of meals. Program is reported as a special revenue fund due to the large amount of federal financial assistance.

Other Special Revenue Funds

<u>Other Local Grants</u>. Small grants awarded by local organizations to fund specific projects.

<u>Medicaid Fund</u>. Revenues generated through billings to Medicaid for services provided to eligible special-needs students.

<u>Literacy Fund.</u> The Idaho State Department of Education provided targeted funding to provide additional hours of reading instruction to specific students based upon assessment scores. The program operates during the school year and into the summer months thereafter.

<u>Expendable Trust Funds</u>. Interest earnings from endowments and contributions from the Lewiston Independent Foundation for Education (L.I.F.E.) to be spent on programs approved by the L.I.F.E. Board of Directors.

<u>State Mini Grants</u>. Small competitive grants awarded at the state level for specific programs.

<u>Local Technology Fund.</u> This fund holds proceeds from the sale of outdated technology to be used for the exclusive purpose of purchasing new technology-related equipment for schools.

<u>Title IV Student Support</u>. This is a competitive federal grant providing funds to support students and academic enrichment.

<u>Other Federal Projects</u>. Small specific-purpose federal grants awarded on a competitive basis. In fiscal year 2017-18, there was one grant from the U.S.D.A. Forest Service for a project called EKiP (Every Kid in a Park) to provide financial assistance to the Grade 4 student field trips via jet boat into Hell's Canyon National Recreation Area as part of the unit of study on Idaho history.

PRIVATE PURPOSE TRUST FUNDS

The District has established three funds to account for restricted and non-expendable contributions made by donors:

Academic Endowment Fund Activities Endowment Fund Restricted Endowment Fund

AGENCY FUNDS

Funds held in individual school accounts for assets held by the District as an agent for various student groups and clubs. These funds are restricted to use by the student organizations and are not available for general District operations.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended June 30, 2018

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Independent School District No. 1 under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Independent School District No. 1, it is not intended to and does not present the financial position, changes in net position, or cash flows of Independent School District No. 1.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (1) Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.
- (3) Independent School District No. 1 has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

Of the federal expenditures presented in the Schedule, there are no subrecipients.

NOTE D – FOOD DISTRIBUTION

Nonmonetary assistance is reported in the Schedule at the fair market value of the commodities received and disbursed. At June 30, 2018, the organization had no food commodities in inventory.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees Independent School District No. 1 Lewiston, Idaho 83501

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Independent School District No. 1's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Independent School District No. 1's major federal programs for the year ended June 30, 2018. Independent School District No. 1's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Independent School District No. 1's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Independent School District No. 1's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Independent School District No. 1's compliance.

Opinion on Each Major Federal Program

In our opinion, Independent School District No. 1 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of Independent School District No. 1 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Independent School District No. 1's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Independent School District No. 1's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Independent School District No. 1 Lewiston, Idaho 83501

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of governmental activities, aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Independent School District No. 1, as of and for the year ended June 30, 2018 and the related notes to the financial statements, which collectively comprise Independent School District No. 1's basic financial statements, and have issued our report thereon dated September 28, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Independent School District No. 1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Independent School District No. 1's internal control. Accordingly, we do not express an opinion on the effectiveness of the Independent School District No. 1's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control

that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Independent School District No. 1's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
