The calendar committee set the following goals:

- Maximize student contact time prior to K-12 required assessments (AP, Dual Enrollment, SAT, End-of-Course, CTE, ISAT, IRI, WIDA [February]), which typically occur the last week of March through mid-May;
- Allow teachers enough time to thoroughly teach to all of the standards prior to assessing these standards;
- Provide all students enough time to work toward proficiency of the standards, prior to assessing these standards.
- We are committed to utilizing student data when making academic calendar decisions.
- Embed time to build partnerships and communicate student progress with families in an ongoing manner.
- Based on the Superintendent's Council's recommendation, and understanding that the key to improved student learning is continuous job-embedded learning for adults, we will embed consistent and ongoing time focused on a systematic approach to adult learning.

Review the goals which guide our work

- Are there any changes needed to guide our work for an academic calendar?

NOTES: no changes

Review the [Process and Rationale](#) of the Academic School Calendar

- Are there any changes needed for the Process and Rationale?

NOTES: no changes

Topics for Today's Meeting

Review Parent and Staff Survey Data

NOTES: Received 1,633 parent responses and 237 responses from District staff.

Review Proposed Calendar

Does the proposed calendar embed the goals of the Committee?

Reach consensus for recommendation to the Board

Option 1- 195 days

Option 2- 190 days

Shared 2023-2024 school calendar

Consensus reached 195 days for 2022-2023 and 2023-2024 school calendars.

_____ Tammany may need a separate calendar--Lisa will work on this and run it by Greg Kramasz, to ensure that quarters are embedded, due to credit.
